

Are you looking for something new and different to do in scouting? How about joining the COPE & Climbing committee! We are a small group of enthusiastic volunteers who want to make our challenge course and climbing programs the best in the nation, and we need your help.

There are many ways that you can be involved as a committee member:

- COPE & climbing workdays – building and maintaining the events at the Eagle High Adventure Base. Use the skills you already have and learn new techniques for building challenge course elements. Have you ever wanted to crimp a ferrule on a cable? Here is your chance to learn how!
- Become a COPE or Climbing instructor – we have COPE training scheduled for May 1st and 2nd for any interested in learning more about the program and leading groups in both low and high COPE. No obligations and no cost to participate – how can you beat that deal? Registration forms are on the Winnebago Council website.
- Help with special projects – this year we plan to create a new low-impact campsite on the south end of the camp with Adirondack shelters, way cool!
- Become a COPE/Climbing visitor and visit other council's COPE and climbing programs to help them run a safe program. You will also get more ideas to bring back home to our council.
